

# Cardiac Arrest Registry to Enhance Survival (CARES) webinar:

**February 29, 2024, from 1 – 2 p.m.**

This one-hour webinar will provide an overview of the CARES registry, established by the U.S. Centers for Disease Control and Prevention and Emory University to improve survival from out-of-hospital cardiac arrest through data collection.

Topics covered will be who uses CARES, the benefits of EMS agencies joining CARES and how data is entered into the secure web-based software. CE credits are available for this webinar.
